Presentation of TGH

"Actor in a sustainable and shared solidarity"

Founded in 1994, TGH is a French international solidarity organization based in Lyon. The association designs and implements emergency, rehabilitation and development programs in the following sectors: water, hygiene and sanitation, civil engineering, food security and rural development, education and psychosocial. TGH is currently operating in 10 countries in Africa, Asia, Europe and the Middle East.

Context

The regional conflict in Iraq and Syria, started in 2011, has torn apart families, displacing millions of people inside the country and pushed other millions to look for refuge in the neighboring countries and Europe.

The Kurdistan Region of Iraq, hosting 97% of the Syrian refugees within Iraq, is also now host around 700 000 internally displaced persons. Furthermore, the KR-I faces a budgetary crisis which presents serious challenges in the access to services (e.g. education) for displaced and host community populations.

The defeat of ISIS's last remaining strongholds in Iraq is now leaving ground for reconstruction and IDPs return. However, in places such as West Mosul and other vast portions of territories that have seen severe destruction where services are lacking, returns face structural limits (absence of livelihood opportunities, lack of public services, shelter...) and Iraqi people are still displaced in IDP camps of Ninewa or the East bank of Mosul.

Inter-community tensions are still present in this context, as military groups contribute to the political shaping of the areas retaken from ISIS. Despite the loss of the territories it used to control; ISIS cells are still present and active across Iraq, conducting frequent attacks.

Presentation of the mission

TGH worked in Kurdistan from 1995 to 1999 in the education and agriculture sectors to support refugees from Turkey. In 2013, TGH reopened a mission in Kurdistan and conducted several projects in Erbil: WASH in schools, Winterization distribution, Education and psychosocial support. Since 2016, TGH has deployed an emergency response supporting Iraqi IDPs in three camps of Ninewa Governorate (Salamiya 1, Khazer M1 and Nimrud camps) with child protection services. Alongside, TGH is also developing Child Protection and Education in Emergency interventions in returnee villages of Hamdaniya district (Nimrod and Bashiqa sub-districts). . The organization has also been conducting and still developing livelihood activities towards vulnerable returnee households in rural Tel Afar / Hamdaniya districts. TGH has a sub-office in Nimrud village (Hamdaniya district) for camps and villages operations. More recently, TGH opened an

office in Baghdad; and is currently opening one as well in Mosul which will be dedicated to the Mosul / Hamdaniya operations and develop further project in Federal Iraq.
